SIMMONS LIVER REGULATOR

SIMMONS' LIVER DISEASE and Indigestion prevail to a greater extent than probably any other malady, and relief is always anxiously sought after. If the Liver is regulated in its action health is almost invariably secured. Indigestion or want of action in the liver causes Headache, Constipation, Jaundice, Pain in the Shoulders, Cough, Dizziness, Sour Stomach, bad taste in the mouth, bilious attacks, palpitation of the heart, depression of spirits or the blues, and a hundred other symptoms SIMMONS' LIVER REGULATOR is the best remedy that has ever been discovered for these ailments. It acts mildly, effectually, and being a simple vegetable compound, can do no injury in any quantities that it may be taken. It is harmless in every way; it has been used for forty years, and hundreds from all parts of the country will vouch for its virtues, viz: Hon. Alexander H. Stephens, of Georgia; Bishop Pierce, of Georgia; John Gill Shorter of Alabama; Gen. John B Gordon, R. I. Mott, of Columbus, Georgia, are among the hundreds to whom we can refer. Extract of a letter from Alexander H. Stephens, dated March 8, 1878: "I occasionally use when any condition requires it, Dr. Simmons' Liver Regulator, with good effect. It is mild, and suits me better than more active medicine.

LIVER REGULATOR

It is not the quality eaten that gives strength, life, blood and health. It is the thorough digestion of the food taken let it be much or little. Therefore do not stimulate up the stomach to crave food, but rather assist digestion after eating by taking

O, WHACK ALONG YOUR MULE, JAMES.

BY JOAQUIN MILLER.

Dedicated to Whom it May Concern.

Where now is musing Schuyler?
And that honest (?) boatman, where?
Both in that boat they could not float,
Credit Mo-bil-i-er?

So hump along your mule, James,
And climb the wild canawl;
Your hotter heat shall bravely float
Far up Salt Creek next Fall.

And are you really poor, James?
Well, a President should be;
Like Cæsar's wife, not only poor,
But above suspicion; See!

So whack along your mule, James,
And let's again you fall,
Leave Pavements and Pacific Roads,
And climb the wild canawl.

You crack your whip, call names, abuse—
The wolf accused the lamb;
True men are true in grey or blue,
And don't Scare worth a—cent.

So thump along your mule, James,
Tee soldier saved the land;
And all again's good reigns the rein
To an untarnished hand.

Ah! Hancock, English and the Right!
And if you raise a free—
This Hancock, he's a fighting-cock!
Don't you forget it now.

So thump along your mule, James,
And let's again you fall,
Leave Pavements and Pacific Roads.
And stick to your canawl.

You robbed us once, don't rob us twice;
For if you do, by Joe
The honest English of it is
This fighting-cock shall crow!

So whack along your mule, James,
And let's again you fall,
Leave Pavements and Pacific Roads
And stick to your canawl.

FOR HANCOCK.

Why Republicans So Declare.

A VARIETY OF REASONS FOR REACHING THE SMALL CONCLUSION.

A colonel in the United States army, who has been a Republican, wrote a letter to Gen. Hancock of date July 3, 1880, from which this extract is made:

"I would recall to you a scene of the war. At Warrenton, in 1862, the brigade commanders and some of the regimental commanders called upon you to make known to you the great dissatisfaction of the troops at McClellan's being relieved. I was the spokesman. After stating the situation you rose and said;

"Gentleman, we serve a country; we serve no man."

"Feeling that you are now the same patriot you then were, should this nation be placed in your keeping for a time no man need fear for the result."

IN EARNEST.

Walter F. Halleck, a major in the army stationed on the Pacific coast writes: "From my knowledge of General Hancock I think of him as the poet describes the true man and soldier

"The bravest and the tenderest,
The loving and the daring."

"I propose to work on this coast and wherever I can be most useful in the campaign for the success of Hancock and English. General Hancock will be elected, take his seat, and be the President of the whole United States—not a section of it. He will receive a large majority of the votes of all true soldiers—those who have sense enough to realize that the war is over and desire to bring about that friendly feeling between the sections so necessary in order to have a united country in fact as well as in name. Hancock clubs are organizing rapidly all over this coast and I certainly believe the Pacific states will all be carried by him. I will be east before the election and home in time to vote the Democratic ticket this year."

ONE OF THE "OLD GUARD."

John T. Long, the most intimate friend of Grant in the West, and a leading St. Louis Republican, in an interview, a correspondent has said: "I shall vote for General Hancock, and believe he will be elected. I think he has the qualifications to make a good President. He will have the good sense to surround himself with the right kind of advisers. One principal reason why I am against Garfield is that he has already shown his intention to be associated with at least two men for whom the Republican party has the least possible use—Schurz and Sherman. Almost the first thing Garfield did after his nomination was to take a long carriage ride with Schurz, a man devoid of all political principle. The real cause of Schurz's hostility to Grant is this: When Schurz was senator he asked Grant for 105 appointments in twelve months, from foreign missions down. He got eigty-three, but made himself the enemy of Grant because he didn't get everything he asked for. I have never heard Grant discuss Hancock save as a general, and in that respect he always spoke well of him. I am a Republican

The Sunbury *Daily* says: "The other day in Lykens, thirty-eight men who have never voted anything else but the Republican ticket, signed their names to be enrolled in a Hancock club and intended to vote for him Men are getting tired of the corrupt doings of the Republican party and many are leaving. If we get even five or ten in every election precinct to vote for Hancock we will carry the State."

John Cessna Chairman of the republican State committee has recently issued a confidential circular in which he advises certain side shows to be made a part of the campaign as "the laboring men of the country vote through their eyes" This is an insult which the laboring men will be apt to resent at the polls this fall. As a rule the laboring classes of this country act intelligently, and vote according to their honest convictions, though John Cessna says they are idiots.

We are told by the organs that Grant is proposing to attend Garfield meetings, and great things are expected to happen thereupon.

Nobody need be surprised nor dismayed at this. It is very well understood by the initiated, that the election of Mr. Garfield means a return to power of the plundering gang of the years of Grantism.

Babcock and the "Whiskey Ring," Belknap and the "Indian Ring," Boss Shepherd and the "DeGolyer Pavement Ring," Garfield and the Credit Mobilier Ring," all are coming to the front; and the reign of plunder and villainy is to commence anew. The Colfaxes, the Pattersons and Pinchbecks will again reign supreme, and the raids on the treasury will be more frequent and more exhaustive. Wells and Casanave, Agnes Jenks and Eliza Pinkston, John Sherman and Jim Anderson will continue to grow rich, and the country and the public service will be debauched.

The election of Garfield and Arthur will be a premium on official corruption and dishonesty.

Senator Wallace's Views.

THE DEMOCRATS TO GAIN IN PENNSYLVANIA—NEW YORK SURE AND OHIO POSSIBLE.

From the Pittsburg Gazette.

"As to the condition of affairs in the State" (Pennsylvania), said the Senator, "I never saw them in better shape. Our people are very enthusiastic and are working hard."

"Will you hold your own in the House?"

"We will gain, I think. There is Speer, who will certainly be elected; then we will elect a man in my district to succeed Yocum, the greenbacker; Harry White will be beaten above here, and we will certainly elect Hopkins. You see, there will be a gain of four, and I don't see where we are to lose. Coffroth will make it sure if passing pension bills could do any good, for he did rush through a lot of them. He used to inundate me with them, as he considered it my duty to get them through the Senate. Possibly he had an eye to business in doing this, as he seemed to work harder for Republicans than Democrats."

"How about New York?"

"There is no doubt of New York; in fact there can be none, because all the factions are united to a man on all the candidates from Hancock down to Congressmen. It is true, however, that there is some kicking about the local officers, but it will not affect the general result."

"Is there a possibility of carrying Ohio?"

"John G. Thompson said the other day that there was a chance for it. For my own part I would not like to say, but I think the outlook is not discouraging. Indiana is the battle ground. There both sides are down to hard work, but the Republicans miss Senator Morton. He was a host when he set himself to carry a point."

"Is it true that the National Democratic Committee expect Pennsylvania to flop?"

"Well I have not heard them say as to that, but we are not going to give up the fight until after the election. I have said it was possible for us to carry the State, and I don't feel disposed to take it back."

As the Committee of the State Legislature appointed to examine into the riot bribery charges, and all the leading papers of the country exonerated from any blame such papers as printed the riot bill, in their columns, we shall not waste any time over the puerile effusions of the youthful editor over the river. Our readers fully understand our position on the riot bill, and no garbled extracts, maliciously misrepresented as being our sentiments, will change the mind of the public.

This paper supports T. J. Vanderslice for the office of representative because he is the nominee of the Democratic party. His course in the Legislature has been endorsed by the party in spite of the abuse and efforts of the sheet over the river. The attempt of a paper edited by a republican, owned by a republican, and backed by republicans, and whose columns are filled by a republican at heart, though professing to be a Democrat, to defeat the nomination of Mr. Vanderslice resulted in his selection, and the more that paper talks about him the larger will be his majority. Nobody has any doubt but that he could purchase its silence for a few paltry dollars, but by so doing he would spike one of his strongest batteries.

What the Republicans say of Garfield.

The republicans will send you a little eight page pamphlet for nothing to any part of the United States. This startling information is given: "The same courageous spirit which carried him through college has marked all his subsequent career. His sound judgment, his wisdom, his conservative views on all national questions, have shown him to be a sagacious statesman, whom the people can and will trust with the administration of affairs. Reader, he is worthy of your support! Garfield educated himself, and is acknowledged the first of living statesmen."

Let the reader just imagine for a moment how all the European diplomatists must squirm in their chairs of state when they peruse this passage. Isn't it just possible that Premier Gladstone will hanker after the presidency of this country if he thinks that by being a candidate he will be called "the first living statesman?" Won't Prince Bismark retire to his favorite residence at Varzin in order to recuperate for a struggle with the American "statesman" in case Garfield is elected? But how will Conkling and Logan and Cameron bear being ruthlessly laid aside? What will Blaine, of Maine, think of an Ohio man taking precedence of him in the ranks of statesmanship? These are all the questions the Democrats put forth in connection with the newest title given to the republican nominee for the presidency. Of course, it is hinted that perhaps there may be a little jealousy on this score that may account for the lukewarmness of Conkling, for the half activity of Logan and for the sullenness of old Simon Cameron's son and heir. But the "most unkindest cut of all" is given by the Democrats when they insinuate that "Garfield is nothing but a ranting Western demagogue, whose public career is entirely devoid of anything to show that he has even the commonest attributes of a statesman. "He has," they say, the low cunning of an Ohio politician, and his public career is little better than his military record, which he made by shooting at a couple of rebels, and then, before the war had well commenced, he rushed into the halls of Congress, where he knew he was perfectly safe."

WHAT HE REALLY IS.

From the Hartford Times.

The standard work, "The American Cyclopedia," is exhaustive enough to include every name of note in the world's history. But it does not give the biography of James A. Garfield. The Cyclopaedia's account of the battle of Chickamauga makes no mention of any General named Garfield on that field. Nor anywhere in the entire sixteen volumes does the name of Garfield appear associated with any civil or military event in this country, nor in Ohio, nor even in connection with Hiram College. But the Cyclopaedia does give a full biography of Winfield Scott Hancock, separably connected with his country's history. And undoubtedly the next revised edition of the Cyclopaedia will contain a far fuller biography, which will cover Hancock's career as President of the United States.

Garfield reported the Deficiency bill on December 16, 1872, in the following usual form for one principle item.

"In order to protect the United States in its expenditure of money, the committee have put the appropriation in this form:

"To enable the Secretary of the Interior to pay the expenditures made by the Board of Public Works of the District of Columbia for paving roadway and curbing and paving sidewalks, grading, sewerage, and other improvements upon and adjoining the property of the United States in the District of Columbia, $1,241,920,92, or so much as thereof as may be necessary.

"Provided, That all payments under this appropriation shall be made only upon vouchers approved by the officer in charge of the public district and grounds of the District [O. E. Babcock] after full examination and measurements of said improvements."

The original bill as prepared by General Garfield did not contain this proviso in any act, nor any part of it. That came to be put on in this way: The frauds that were subsequently proven were then suspected, and in order to guard the Treasury, the Hon. S. S. Marshall of Illinois, then a member of the committee, moved a proviso to the bill, directing that Gen. Humphreys, then Chief of the Engineer Corps, cause all the work adjoining public property to be measured, and that payment should be made on his certificate alone. This motion took Garfield by suprise. It was too fair to be opposed, and he adjourned the committee.

After consulting with the Ring chiefs, he brought in the foregoing proviso as a substitute for that of Mr Marshall, and argued that it would be a reflection on Babcock, who had charge of the public buildings and grounds, to put any one else over his head to certify the measurements. His Republican colleagues agreed with this view, as it would not do to offend the President's confidential secretary. They thus fortified the Ring, and opened the door for the robbery that followed.

When the bill came before the House, it was resisted as appropriating money without law, Mr. Holman proposed three engineers to measure the work. Other amendments looking to the protection of the Treasury was offered. Under General Garfield's lead, they were all voted down. The Ring triumphed and the appropriation was rushed through. In a few weeks after, right in the face of a proviso forbiding it, and of the statement of the Board of Public Works that "no further sum will be required to complete the work undertaken," another appropriation of $2,199,533 was passed.

When in 1874 the joint committee investigated these and other measurements, they found that Babcock had certified the most barefaced frauds; that the Treasury had been most shamefully swindled, and that the Ring had stolen a larger part of the appropriations. Having a republican majority on the part of the Senate and of the House on the Committee, Babcock escaped by putting the blame on subordinates, while he was notoriously connected in large speculations with Boss Shepherd at that time.

It was but natural, as Garfield favored Babcock in 1873, and made him the "only" measurer of Ring work, that Babcock in 1880 should support Garfield.—*N. Y. Sun.*

The election of State officers in Arkansas on Monday was carried by the Democrats by an overwhelming majority.

The republicans carried Vermont on Tuesday by their usual majority.

FISHINGCREEK ITEMS.

Mr. J. M. Fritz, who has been teaching at Asbury, closed his school on Friday last, Septembemberr 3d. He started on Saturday for Easton to begin his second year in college. He carries with him the best wishes of the district. He is a No. 1 teacher.

Mrs. John Andrews is visiting in and around Asbury.

Mrs. Peter Eveland has been sick for a long time with consumption, and at present writing is no better.

Miss Alice Laubach has been sick five weeks with typhoid fever but is slowly mending.

Fishingcreek township has five Sabbath schools at present with a membership of about five hundred scholars. The Zion Union school is the largest, and is well conducted. Asbury is not so large, but is a fine school. St. James has a large and good school. Stillwater has two schools and Jonestown one, and we presume they are all managed well.

We have had a number of cases of diphtheria, but as yet only three deaths.

Farmers are getting ready to seed. Some are sowing.

The apple crop in Fishingcreek township is very large. I have never seen so much fruit and berries, &c., as there is this year.

Fishingcreek has a Hancock and English club, numbering 275. We are organized well. We have Greenbackers and Republicans on our list. They are anxious to see the day when they can help put in the presidential chair, the tried and true patriot and soldier, Winfield S. Hancock. We will roll up the largest Democratic majority that ever was cast for any presidential candidate in this township. Put that down sure. K.

A Cross Baby.

Nothing is so conducive to a man's remaining a bachelor as stopping for one night at the house of a married friend and being kept awake for five or six hours by the crying of a cross baby. All cross and crying babies need only Hop Bitters to make them well and smiling. Young man, remember this.—*Traveller.*

Going Over to Hancock.

Judge Smith, of Herkimer, and Jacob Snell, of Fort Plain, Montgomery county, two well known and influential Republicans, addressed the democracy of Canajoharie on Friday of last week on the occasion of the Hancock and English banner raising at that place.

Ex-sheriff Wagner has also come out for Hancock.

These are changes of no little importance, as every one of them has a large following.

The great Hancock boom is booming all along the line, quietly but earnestly.—*Schoharie Republican.*

Hancock's Sayings.

EXTRACTS FROM HIS ORDERS THAT SHOW WHAT KIND OF A MAN HE IS.

The true and proper use of the military power, besides defending the National honor against foreign nations, is to uphold the laws and civil government and to secure to every person residing among us the enjoyment of life, liberty and property.

The right of trial by jury, the habeas corpus, the liberty of the press, the freedom of speech, the natural rights of persons and the rights of property must be preserved.

Tell General Meade that the troops under my command have repulsed the assault of the enemy, who are now flying in all directions in my front.

Power may destroy the forms, but not the principals of justice. These will live even in spite of the sword.

The great principles of American liberty still are the lawful inheritance of this people and ever should be.

Armed insurrection or forcible resistance to the law will be instantly repressed by arms.

Talking About Prosperity.

The Republicans say that the prosperous times are their chief reliance for the continuance of their party in power.

They are unable, however, to show that it is any policy peculiarly their own which has produced the prosperity of the times, which is, in truth, owing to the industry and economy of the people.

Moreover, it is not the distracted and unreconciled condition of the country which they seek to continue a serious obstacle in the way of the highest degree of business prosperity.

If the whole country is to prosper, then the whole country should be at peace and contentment. The republicans seek to keep the South in an inferior, humiliated condition. Is that consistency with real progress? Can a section of country which is kept constantly burning under accumulated indignities be expected to increase its industries in the same way it would if treated on terms of equality?

On the whole, as a matter of business, is it not safer to try the Democratic party for four years.

CONNER.—In Orangeville, on the 1st inst., Harrie H. Conner, aged 11 years, 9 months and 12 days.

Being the only son, his death elicited much sympathy in our village for his widowed mother and only sister. Harrie was bright in intellect, social in disposition and very affectionate in heart. Although only a youth, he will be missed in the social circle, Sabbath school, Academy, and particularly at his home. Tears may flow, and hearts may ache, but there echoes back from his little tomb, Asleep—only asleep! His funeral was well attended by the community at large, and also by the students of the Academy, who attended in a body. And as we laid his little body away with eyes suffused with tears, we said to his dear remains, Farewell, farewell! But something still echoed back, We part only to meet again on yonder golden shore. A. H.

The Republican Party and the South.

Enough has been show, in the disappointment and anger of the Republican organs over an apparent an unexpected increase in the population of the South, to demonstrate that the prosperity of the South is inimical to the aims and hopes of the Republican party. It seems to be shown that the population of the South has increased about twenty-eight per cent within the past ten years. The Republican organs are disappointed and angered by this evidence of prosperity. If the increase could be shown, beyond doubt or question, to have been twice as great as it is, the spokesmen of the party which finds antagonism to the South the vesh of its mostrils, would have been twice as much disappointed as they are now and twice as angry. Surely, a political situation under which this condition of things is profitable and possible ought to be changed.

It should be the aim of every owner of Horses, Cows, &c., to make them as handsome and useful as possible. The German Horse and Cow Powder helps to develop all the powers of the animal. It improves its beauty and increases its usefulness. It makes milk, mucle and fat. By using it a horse will do more work and a cow give more milk and be in better condition with less feed. Farmers Report On Clover Hullers

LAGRANGE, LAGRANGE CO., Ind., May 27, '80.
Report of a joint Committee appointed by the Agricultural Society of St. Joseph county, Michigan, and LaGrange county, to test the resative merits of the Victor Clover Huller of Hagerstown, Md., and of the Birdsell Monitor, Jumbo, Clover Huller, of South Bend, Ind.:

WHEREAS, at the St. Joseph county, Michigan, fair held at Centreville, on the 23d day of May, 1880, and an agreement was entered into by the different machines to have a trial of their merits at the LaGrange County Fair, on Thursday May 27, a joint committee, was formed consisting of five from each of the two counties, and hold such trial this day.

The committee, in pursuance of the agreement, secured two horse loads of clover, which had been stacked two winters, and brought them on the ground, and determined that each machine should thresh one load, and then each re-thresh the straw which had been run through the other machine, according to agreement.

At the conclusion of the trial the committee repaired to Agricultural Hall, and, after due deliberation, unanimously decided in favor of the VICTOR FOR RAPIDITY AND EXCELLENCE OF WORK IN ALL RESPECTS.

The Birdsell, from 1,339 pounds straw threshed 37 pounds seed, with a large quantity of chaff, the Victor from 1,210 pounds of straw threshed 488 pounds seed, mixed with a less quantity of chaff. The time occupied in threshing by the Victor was eight minutes less than that occupied by the Birdsell from the straw of the Victor the Birdsell machine threshed two pounds of seed; from the straw of the Birdsell the Victor threshed eight pounds of seed. The time occupied by the Victor in this rethreshing was seven minutes less than that occupied by the Birdsell.

These machines were both run by Russell engine, from Massillon, Ohio, in charge of John F. Fallon; used essentially the same amount of power. Signed by Committee.

STRANGE BUT WONDERFULLY TRUE.

When Dr. Briggs with conscious pride,
And earnest zeal his mind applied,
The science deep to open wide,
Of soothing and of healing.

He took of many substances known
That would heal or still a groan,
And soon composed by skill alone
His miraculous Bunion Balsam.

Tormented with Bunion, Corn or Bruise,
Thousands of sufferers heard the news,
The remedy that meets the views
Is Dr. Briggs' Bunion Balsam.
Sold by C. A. Klein, Bloomsburg, Pa.

A Word to the Wise. Try Dr. Josiah Briggs' Catarrh specifics on following conditions: We will pay $100 for a case they will not cure; $100 for their equal as a cure; $500 if anything poisonous is found in them, and $1,000 if in any respect they are different from representation. Sold by C. A. Klein, Bloomsburg, Pa.

From a Celebrated Physician of Harrisburg, Pa. Dr. Josiah Brigg, Dear Sir: Some four months since a lady applied to me for something to relieve the pain of a troublesome bunion and a festered corn, and having heard your Bunion Balsam highly spoken of, I directed her to call on your agent J. H. Boher, and get a box. She did so, and now informs me the cure is complete, she having suffered no pain after the first application. Believing Briggs' Bunion Balsam of great value to those who suffer from corns, bunions, &c., I unhesitatingly recommend it to the people of the country. Sold by C. A. Klein, Bloomsburg, Pa.

Catarrh that loathsome disease, that scourge of humanity, which destroys millions of people annually, is speedily and radically cured with Dr. Josiah Briggs' Catarrh Specifics. Sold by C. A. Klein, Bloomsburg, Pa.

Mr. Asa M. Sloan, of Trenton, N. J., says I would pay $100 for one bottle of Tamarack Liver and Kidney Remedy, if I could not get it without. It has cured me of gravel and inflammation of the prostrate gland, weak back and general debility. Sold by C. A. Klein, Bloomsburg, Pa.

Dr. Josiah Briggs' Bunion Balsam is the climax of medical science, the only discovery on earth that will radically and permanently cure these troublesome and painful tormentors, whose throbbing pains and unsightly protrusions is a source of untold misery. Bunion Balsam also cures hard and soft corns, sore insteps, &c. Silver Corn Plaster is a model of excellence. Deodorizing Foot Lotion is a boon to sweaty feet, and dispels the offensive odor from them. Radical cure for ingrowing nails is the wonder of the world. DEMOCRATIC POLE RAISING.—There will be a Democratic Pole Raising at the Cross Roads near A. M. Johnson's in western Locust on Saturday, September 18th, 1880, at 1 o'clock p. m. The meeting will be addressed by Col. John G. Freeze, B. Frank Zarr and John C. Yocum, Esqrs., of Bloomsburg.

Guy Jacoby, son of W. H. Jacoby, was admitted to the Bar on Tuesday morning, having passed a very creditable examination on Monday night before a committee consisting of Col. Knorr, E. R. Ikeler and N. U. Funk, Esqrs. He was a student in the office of E. H. & R. B. Little. Mr. Jacoby is a young man of more than ordinary ability and we predict for him a successful career in his chosen profession.

That covered wagon, drawn by two mules, which was seen last Saturday going up the State road toward New Columbia, was not a Gipsy wagon, as many supposed, but Mr Benton Brittain with his family, who were just returning from the western part of Kansas, after an absence of two years. They travelled the entire distance of 1700 miles by this private conveyance and were on the road fifty-four days. The mules looked well and Mr. Brittain and family appeared very cheerful. We presume they were glad to get back to old Pennsylvania.

At the last meeting of the *Garfeild* club J. C. Brown made a speech, the whole of which was devoted to the discussion of the tariff question. This is the burden of the republican refrain, in the hope that it will catch the votes of the laboring men of Pennsylvania. While we insist that the Democratic party as a whole is not in favor of free trade, we also insist that the question of tariff is not a national issue. Every true Pennsylvanian, no matter what his politics, is in favor of a tariff that will protect the industries of this State. In other states it is to the interest of the people to reduce the tariff, so that Pennsylvania gets only what the other states choose to give her as a protection against foreign competition. The charge that the democracy favor a repeal of the tariff is simply absurd. But they must have something to talk about, and as the character of their candidates will not admit of discussion, they are reduced to the necessity of talking about absurdities.

CLUB MEETING.

A request having been made to the Democrats in and about the town of Benton, to assemble for the purpose of forming a Hancock and English club on the evening of August 20th, notice thereof was sent to the Chairman of the County Democratic committee.

On the evening appointed, the democracy assembled in such numbers that no building in the town was large enough to hold them.

The club was organized by the election of John C. Wenner as the President, and was also provided with vice presidents and secretaries. The meeting then adjourned to the open air in front of the school house, filling up the large area between the house and the public road.

The meeting was addressed by Col. John G. Freeze, apparently to the great satisfaction of the assembled democracy.

[NOTE.—We have been waiting for some report from the secretaries, concerning this club meeting, which accounts for the delay in reporting it. And in this we depend upon report, having no official information. We beg officers of meetings to report to us at once, giving names and facts in full.—ED. COL.]

GLEN CITY, SEPT. 4th, 1880.

EDS. COLUMBIAN:

Mr. Edward Davis, of San Juan District, San Juan county Colorado, has been visiting his father, Daniel Davis, at Glen City, and while here, his friends invited him to address a Democratic meeting. On Saturday evening at 8 o'clock the meeting was called to order. G. P. Dreisbach was elected Chairman, John Hinderliter, Vice President; Isaac Sweeney, Secretary; W. L. Brotbenner, Treasurer. Mr. Davis is an active Democrat and has been a worker in the party for the last fifteen years, and thoroughly understands the issues of the day. He meets the questions in the face fairly and squarely. Mr. Davis, as a speaker, is very fluent and full of oratory and uses the best of language. It would be well worth while for the farmers, miners, mechanics and all business men to have the privilege of listening to the strong and fervent argument he produces. Quite a number of Republicans present were convinced with his argument and will turn over a new leaf. I would advise all sections to hear him before his return to Colorado.

PLEASED.

ELECTION BALLADS.

MOSBY IN CHINA.

Guerilla Mosby to the war
Was famous at his trade—
Stampeding trains and gobbling men
And plotting ambuscade.
Soldiers and sutlers then declared,
With most sincere belief,
And would have sworn on Bibles big,
That Mosby was a thief.

Bushwhacking Mosby, friend of Grant,
Who fought the flag so long,
Takes office now beneath that flag,
As Consul at Hong Kong.
And now a wonder comes to light,
Almost beyond belief,
(Although all tongues proclaim it loud,)
That Mosby's not a thief.

A white sheep he amid the flock,
The office-holding throng,
Who fatten at the public crib,
An hundred thousand strong.
Though he among the sinners was
Esteemed in crime the chief,
Purged from all foul assoilment he
No longer is a thief.

On ancient Asia's fertile soil
Kong-foot se's pupils dwell,
Accustomed long to rule corrupt,
As all their annals tell;
But now, behold; from western lands
Saths one to their relief,
Who'll teach them how to manage war
And how to catch a thief!

OBITUARY.

STRAUSS.—In Centre township on the 4th inst., Mrs. Anna E. Strauss, aged 43 years, 5 months and 1 day.

On last Saturday the community was startled by the sad and no less unexpected intelligence of this death. Occupying the social position she did, many felt that they had lost a near and dear friend, a kind neighbor and an enterprising citizen. Being a woman of considerable intelligence and commanding in appearance, she was a leading spirit in society. And if others did not always feel, see and think as she did, perhaps it was as is usually the case, because she lived in advance of her age.

She was a member of the Reformed Church, at Hidlay, where her presence, liberal support and voice in the song of praise, will be greatly missed. As a christian woman she was devoted to her God and the church of her beloved Redeemer. When able to be out, she attended divine services regularly and solicited the attendance of others, delighted in the study of the Bible, and regularly read her church paper of which she was passionately fond and the contents of which she was very free to communicate to others.

But when we visit her home, we see something of a true wife. What did she not do to make that home pleasant and attractive? Her pleasant countenance, her musical voice and diligent hands, all conspire to make that home a paradise. She furnished her home with the choicest literature, ornamented her walls with the finest specimens of her workmanship, prepared the most savory meals, and seasoned all with her smiles, cheerful conversation and sacred melodies. Nor was she selfish in the least with little paradise. The wanderer found shelter under her roof, the hungry food at her table, and her friends a warm welcome at her home. Yes, our association with that home will not soon be forgotten.

On the Sabbath previous to her death, she was prostrated with a severe attack of sickness, and remained in an almost motionless condition till her death. During this brief period, she was conscious till almost the last. She felt that she was fast approaching her end and that her peace was fully made in Christ with her God. And as her natural senses weakened, her spiritual senses strengthened. Before her eyes were fully closed to earth, she saw heavenly visions; and before her ears were deaf to earth, she heard the call from the spirit world and the music of heaven. Her funeral, which took place on Tuesday was largely attended, and was impressed by her pastor with a discourse based on Romans xiv:8. Great sympathy and grief were manifested, not only by the immediate friends and neighbors, but also by a number of poor people whom she had befriended in the time of their greatest need. Brother Strauss has lost his best earthly friend and companion, the church a valuable member and the community a kind neighbor. May her mantle fall on others, while we for comfort turn to Him who only has the words of eternal life.

CLUB MEETING.

Owing to the temporary indisposition of Mr Buckalew, the meeting to be held in the Opera House was postponed; the club meeting in their hall. For the same reason, there was no regular speaker for the evening. After singing by the Glee Club, Mr. Teets, of New York, addressed the club in a very acceptable manner. Having been born in Columbia county, he had quite a knowledge of our people.

The Club being desirous of more speaking, Mr. Barkley was called out and made some remarks about the duty and dignity of American citizens and especially of the newly naturalized ones. Mr. H. E. Smith was also called on, and reviewed the history of the two parties in a very pungent manner, declaring that the democratic party had condoned all its errors, if it had any, in connection with the war, by its forbearance to convulse the country in 1876—giving up its well earned and undoubted victory, in the election of Mr. Tilden.

Capt. Brockway was next called out, and spoke in his usual happy manner about the army and Gen. Hancock; subjects with which he is personally familiar. After more music by the Glee Club, which was received with great applause, the club adjourned to the rattling music of our very capital Drum Corps.

The practice of calling out speakers, after the regular address of the evening is over, is one which ought not to be persisted in, because it does not give the speaker a fair chance. The President designs to give to each one a special night, for a prepared speech, and thus all will be heard in due course. As far as possible hereafter, the speaker of the next evening will be announced in the report of the last meeting.

Capt. C. B. Brockway, will make the regular address at the next meeting.

Mr. Joseph Pohe, of Centre twp., died at his home on Sunday night, the 5th inst., at the age of 92 years. By habits of industry and caution, he accumulated quite a fortune which was invested in farms situated in the townships of Centre and Fishingcreek. He leaves behind him six children, all married and in good circumstances.

STATE FAIR AT PHILADELPHIA.

On Monday September 6th, the Twenty-seventh Annual Exhibition of the Pennsylvania State Agricultural Society will open at the Main Building, Centennial Grounds, Fairmount Park, Philadelphia, and continue eighteen days, closing on Saturday, September 25th; the last week of which period, viz: from September 20 to 25, will be devoted to the International Show of Sheep, Wool and Wool Products, for which purpose the liberal sum of $8300 in cash has been appropriated. During this week, however, all other exhibits with the exception of Horses, Cattle, Swine and Poultry will remain on display.

From present indications this exhibition of the society will be the largest, grandest, and most varied that has ever been held by any State Society, and will be second in numbers and merit only to the ever memorable International Exhibition, held at the same place during the Centennial Year. The premium list, which can be obtained from the officers of the Society, at their office, northwest corner Tenth and Chestnut streets, Philadelphia, is the most complete and thorough that has ever been presented by any similar organization, and offers for competition in the Live Stock Class alone the handsome sum of $24,315. In the Dairy, Fruit, Vegetable, and Floral Departments, the further sum of $6000 is added, besides a large number of elegant and valuable gold, silver and bronze medals, whose intrinsic value will aggregate the entire sum of more than $40,000 in actual cash.

The display will include a large number of Imported, Thoroughbred, Fine Bread, and Draught Horses; herds of Short Horn, Devon, Holstein, Jersey and Guernsey Cattle; the choicest breeds of sheep, Swine, &c., together with a Mechanical, Vegetable and Manufacturing Collection seldom, if ever, brought together in any community. Excellent and commodious stabling has been prepared within the building for Horses and Horned Cattle, and a suitable space assigned on the grounds adjacent for the accommodation of Swine. The Machinery, Dairy, Fruit, Floral, and Domestic Departments are all provided under cover, and will undoubtedly prove attractive and instructive features of the Fair. A space has also been assigned for the exercising and display of all the entries in the Live Stock Classes, but no racing will be permitted. Green food will be supplied all the Milch Cows on exhibition, and hay and straw furnished all entries gratis.

Excursion tickets will be furnished by all the railroads centering Philadelphia, and all articles intended for exhibition carried on liberal terms.

HOW TO GET almost Everything.

Do you know how to get in the easiest way and to best advantage what you want for dress and house-furnishing?

First, how: Write for a catalogue; see what you can learn from it about the things you want. If samples can be useful to you, ask for them and state your wants so plainly that exactly the right samples can be sent.

Second, where: The place where goods are kept in the greatest variety; where they are sold for what they really are in respect to quality; where prices are lowest; where most care is taken to serve customers acceptably; and where you have the right to return whatever is not satisfactory.

There—no matter where you are—if you make your wants known and avail yourself of your privileges, you will get the best things in the best way, promptly and without trouble or risk; sometimes by mail, sometimes by express, almost always at less cost for carriage than the money you save in the price.

A WONDERFUL DISCOVERY!

CARBOLINE!

A Deodorized extract of Petroleum,

The Only Article that Will Restore Hair on Bald Heads.

What the World has been Wanting for Centuries.

The greatest discovery of our day, so far as a large portion of humanity is concerned, is CARBOLINE, an article prepared from petroleum, and which effects a complete and radical cure in case of baldness, or where the hair, owing to diseases of the scalp, has become thin and tends to fall out. It is also a speedy restorative, and while its use secures a luxuriant growth of hair, it also brings back the natural color, and gives the most complete satisfaction in the using. The falling out of the hair, the accumulations of dandruff, and the premature change in color are all evidences of a diseased condition of the scalp and the glands which nourish the hair. To arrest these causes the article used must possess medical as well as chemical virtues, and the change must begin under the *scalp* to be of permanent and lasting benefit. Such an article is CARBOLINE, and, like many other wonderful discoveries, it is found to consist of elements almost in their natural state. Petroleum oil is the article which is made to work such extraordinary results; but it is after it has been chemically treated and completely deodorized that it is in proper condition for the toilet. It was in far-off Russia that the effect of petroleum upon the hair was first observed, a Government officer having noticed that a partially bald-headed servant of his, when trimming the lamps, had a habit of wiping his oil-besmeared hands in his scanty locks, and the result was in a few months a much finer head of black, glossy hair than he ever had before. The oil was tried on horses and cattle that had lost their hair from the cattle plague, and the results were as rapid as they were marvelous. The manes and even the tails of horses, which had fallen out, were completely restored in a few weeks. These experiments were heralded to the world, but the knowledge was practically useless to the prematurely bald and gray, as no one in civilized society could tolerate the use of refined petroleum as a dressing for the hair. But the skill of one of our chemists has overcome the difficulty, and by a process known only to himself, he has, after very elaborate and costly experiments, succeeded in deodorizing refined petroleum, which renders it susceptible of being handled as daintily as the famous *eau de cologne*. The experiments with the deodorized liquid on the human hair were attended with the most astonishing results. A few applications, where the hair was thin and falling, gave remarkable tone and vigor to the scalp and hair. Every particle of dandruff disappears on the first or second dressing, and the liquid so searching in its nature, seems to penetrate to the roots at once, and set up a radical change from the start. It is well known that the most beautiful colors are made from petroleum, and, by some mysterious operation of nature, the use of this article gradually imparts a beautiful light-brown color to the hair which by continued use, deepens to a black. The color remains permanent for an indefinite length of time, and the change is so gradual that the most intimate friends can scarcely detect its progress. In a word, it is the most wonderful discovery of the age, and well calculated to make the prematurely bald and gray rejoice.

We advise our readers to give it a trial, feeling satisfied that one application will convince them of its wonderful effects.—*Pittsburgh Commercial of Oct. 22, 1877.*

The article is telling its own story in the hands of thousands who are using it with the most gratifying and encouraging results:

W. H. BRILL & Co., Fifth Avenue Pharmacy, says, "We have sold preparations for the hair for upward of twenty years, but have never had one to sell as well or give such universal satisfaction. We therefore recommend it with confidence to our friends and the general public."

Mr. GIOVANNI P. HALL, of the Ostes Opera Troupe, writes: "After six weeks' use I am convinced, as are also my comrades, that your 'Carboline' has and is producing a wonderful growth of hair where it had gone for years."

C. H. SMITH, of the Jennie Hight Combination, writes: "After using your 'Carboline' three weeks I am convinced that bald heads can be 're-haired.' It is simply wonderful in my case."

B. F. AYRES, chemist, Holyoke, Mass., writes: "Your 'Carboline' has restored my hair after everything else had failed."

JOSEPH E. POPE, attorney-at-law, No. Attleboro, Mass., writes: For more than 20 years a portion of my head has been as smooth and free from hair as a billiard ball, but some eight weeks ago I was induced to try your Carboline, and the effect has been simply wonderful. Where no hair has been seen for years there now appears a thick growth, and I am convinced that by continuing its use I shall have as good a head of hair as I ever had. It is growing now nearly as rapidly as hair does after it is cut.

CARBOLINE

Is now presented to the public without fear of contradiction as the best Restorative and Beautifier of the Hair the world has ever produced.

Fee of Doctors.

The fee of doctors is an item that very many persons are interested in just at present. We believe the schedule for visits is $3.00, which would tax a man confined to his bed for a year in the need of a daily visit, over $1,000 a year for medical attendance alone! LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

This preparation, as its name signifies, consists of Vegetable Properties that are harmless to the most delicate invalid. Upon one trial the merits of this Compound will be recognized, as relief is immediate; and when its use is continued, in ninety-nine cases in a hundred, a permanent cure is effected. Let thousands will testify. On account of its proven merits, it is to-day recommended and prescribed by the best physicians in the country.

It will cure entirely the worst form of falling of the uterus, Leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life. It will dissolve and expel tumors from the uterus in an early stage of development. The tendency to cancerous humors there is checked very speedily by its use.

In fact, it has proved to be the greatest and best remedy that has ever been discovered. It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach.

It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

For Kidney Complaints of either sex this compound is unsurpassed.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!

For Diarrhœa, Dysentery, Cramps, Cholera, AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON,

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; **but with a safe remedy at hand** for immediate use, **there is seldom danger of the fatal result** which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and **sometimes costs a life.** A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions, who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE:

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not do without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and will not be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours,
F. E. BERGINSEND, Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the other three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and will not be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours,
I. P. MOORE, Bangall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.

Price 25c. 50c. and $1.00 per bottle. You can obtain it at any drug-store or from

DR. BROWNING'S TONIC AND ALTERATIVE

The Celebrated Prescription of W. CHAMPION BROWNING, M. D.

FOR GENERAL DEBILITY AND PURIFYING THE BLOOD.

Perfectly purifies the Blood, enriches the Blood, reddens the Blood, makes new Blood, wonderfully improves the Appetite, and changes the Constitution suffering from General Debility into one of vigorous health.

The best proof of its wonderful efficacy is to be obtained by a trial, and that simple trial strongly establishes its reputation with all.

☞ It is most scientifically and elegantly compounded by its author and sole proprietor, W. CHAMPION BROWNING, M. D., 1117 Arch Street, Philadelphia, a regular graduate of Jefferson Medical College, of Philadelphia, a thorough Chemist and skilled Pharmacist.

Price, 50c. and $1.00. For sale by the Proprietor and all Druggists and Dealers in Medicine.

A NEW DEPARTURE!

BEST PLOW IN THE WORLD!

THE SYRACUSE CHILLED PLOW CO.
of Syracuse, N. Y.

Are now putting on the market a Plow that is as much superior to any Plow heretofore made as the Plows of the past few years have been superior to those made half a century ago.

It combines all the excellencies of any Plow in use.

It obviates all the objections made to any other Plow.

In addition it endorses several new features of the greatest value, for which we have obtained exclusive Patents.

Its Beam, Clevis, Jointer Standard and Wheel Standard will be STEEL, and its mold board will be a composition of Steel and Iron chilled under a process for which we have also obtained an exclusive Patent. It will be called

THE SYRACUSE CHILLED STEEL PLOW

Its weight will be eighteen pounds less than our present styles.

A first-class Steel Plow, made in the ordinary way, full rigged, retails for twenty-two dollars. Inferior Steel Plows retail from sixteen to nineteen dollars.

The price of our new Plow will be but **Seventeen Dollars,** and it will be the cheapest Agricultural Implement ever sold.

Its mold board will outwear three of the very best kinds of the ordinary steel mold boards.

It will scour in soils where all steel plows and all other plows have hitherto proved a failure.

With this Plow will be introduced a corrugated Plow Point and Jointer Point, on which we have also obtained a Patent, and which is also a great improvement, both as regards strength and wear.

The Jointer can be shifted so as to take more or less land, and also more or less pitch, and it can always be kept on a line with the Plow.

The wheel will run under the beam or one side of it as desired, and always kept in line.

The beam is adjustable for Spring or Fall Plowing, and also for two or three horses.

The handles can be adjusted to accommodate a man or boy, on the same Plow.

It is a perfect Plow.

Wooden beams are going out of use because they shrink, swell and warp, and never run two seasons alike.

Iron beams are too heavy.

Malleable beams become demoralized and bend, which is much worse than to break.

A Steel beam is the necessity of the day. It is three times as strong and very much lighter than any other style.

When we say a Mold board is chilled, the farmers know it is so.

We do not palm off on them a composition of various metals and call it chilled metal.

We want agents for this new Plow in every town in this State.

We can give but a very small discount to them, but we will pay the Railroad Freight.

We propose to place this Plow in the hands of Farmers as near the cost of manufacture as possible.

It will be the *best* Agricultural Implement ever sold.

It shall also be the *cheapest.*

Persons therefore who are not willing to act as agents on the principle that "a nimble sixpence is better than a slow shilling," need not apply for an agency.

No Plows on commission. All sales absolute.

☞ This is the only Steel Chilled Plow in the World.

Steel costs several times more than Iron.

But this Plow, full rigged, by giving small discounts, can be sold for Seventeen Dollars. Compare this price with that of any Iron Plow ever made.

It is cheaper than any other Plow now made would be at five dollars and a half.

Where there are no agents we will, on receipt of Seventeen Dollars, send a Plow to any Railroad station in the State and pay the freight. Address,
